

Proposed goals

For Steve Van Zant

2009-2010

- Guide the district through the transition of creating K-8 schools
- Develop greater learning opportunities for each student to include:
 - * Greater use of teaching teams
 - * Pathways and increased opportunities for High School students
- Develop common pacing guides, benchmark assessments, and instructional materials for:
 - * Math * English
 - * Science * Social Science
- Continue to create ways to increase district efficiency
- Continue developing a positive budgeting process that maintains a high level of service while:
 - * Reducing transportation and special education expenditures
 - * Creating alternative revenue streams
 - * Properly aligning revenue streams to budget expenditures
- Develop a district wide Facilities Master Plan
